OVER 2 MILLION ACRES OF UNTRACKED POWDER

THE EXPERIENCE

Our goal is to show you the greatest untracked powder experience of your life. Whether you are a first time heli skier or boarder or a savvy veteran, our trips are tailored to meet your needs.

We offer small group heli skiing and all-inclusive packages from February through May. These include 3-day, 5-day, 7-day and private packages. We can customize the length and timing of any trip to accommodate your schedule.

Packages include meals, accommodations, airport transportation, powder skis and avalanche safety equipment. You just need to get yourself to Anchorage, and we will take care of the rest. We host no more than sixteen guests at a time, making your trip more intimate and personal.

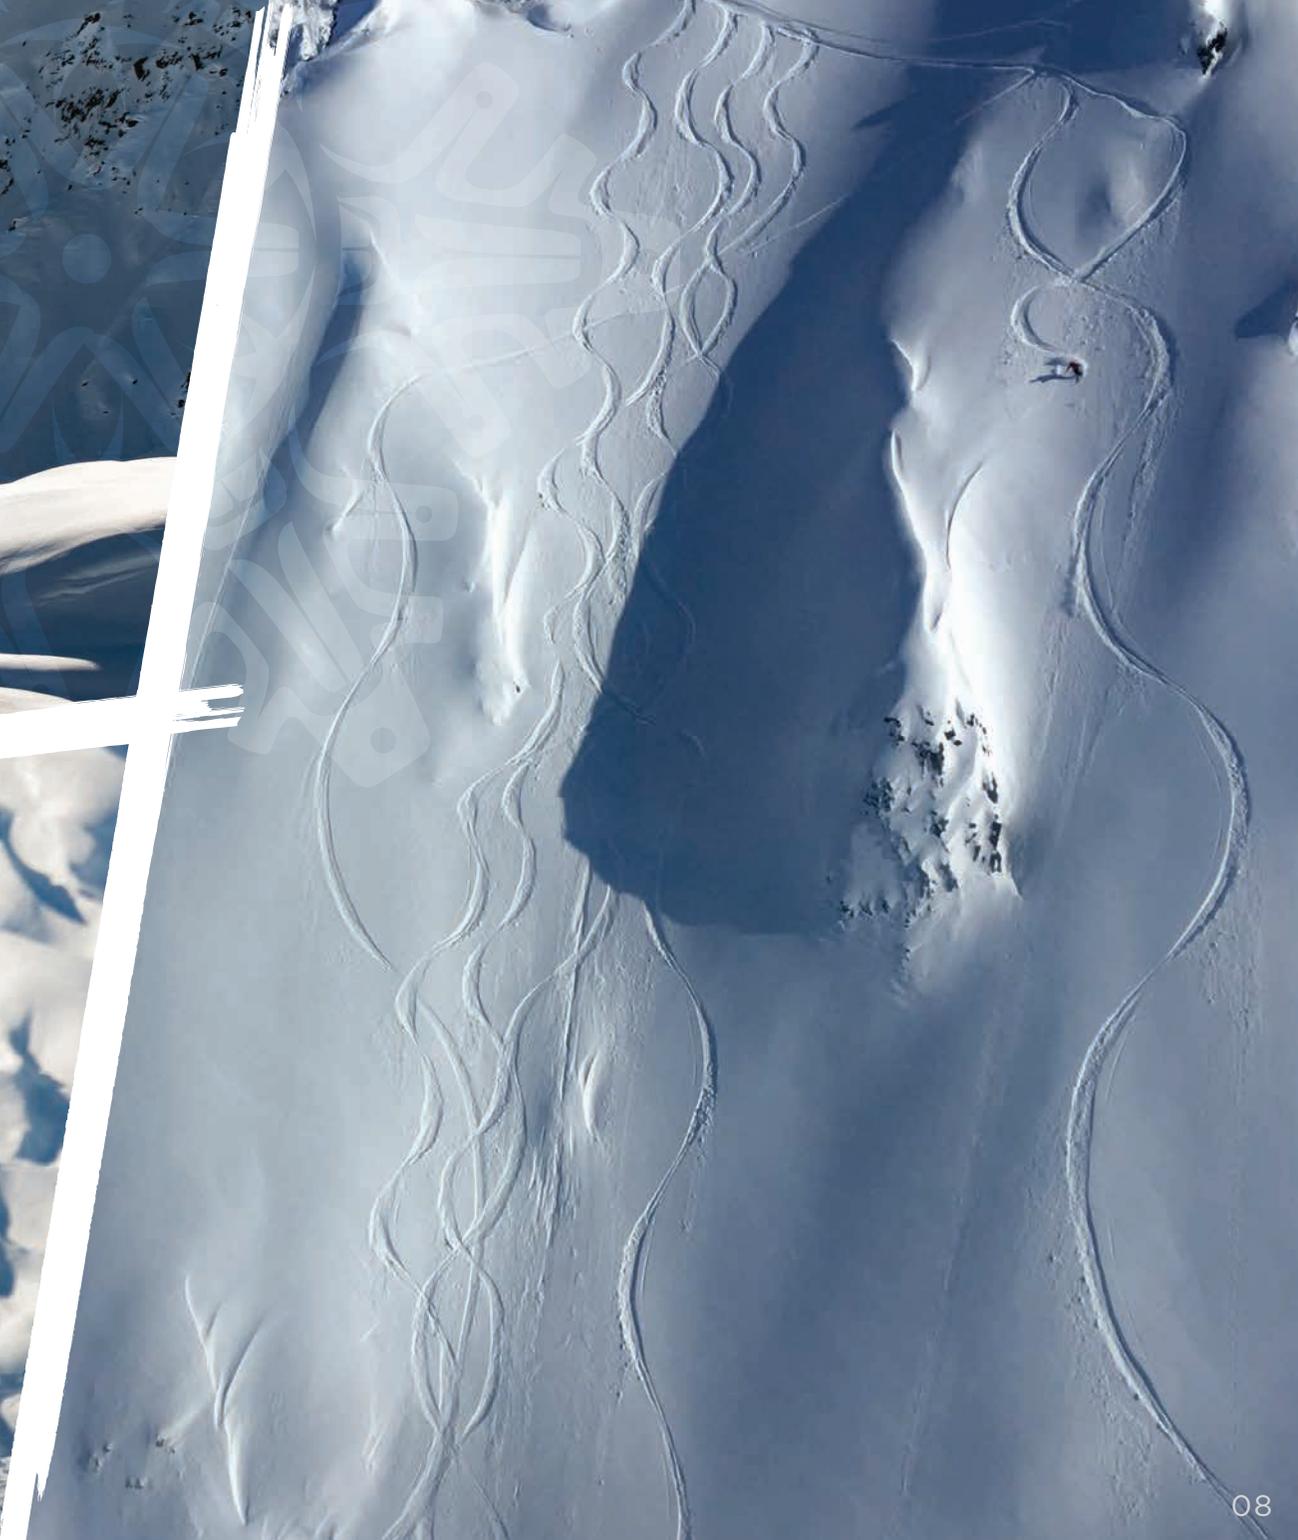

LOCATION

Getting to us is easy. All you need to do is fly to the Anchorage International Airport (ANC). Once you arrive in Anchorage, there are no additional flights or transportation costs. You will be greeted by Majestic Heli Ski staff at the airport baggage claim the evening that your package starts. We then drive you to our lodge, which is about 2 hours away (115 miles). We are located in the heart of the Northern Chugach and Talkeetna Mountains.

SAFETY

Safety is the bottom line at Majestic Heli Ski. We've created a culture of safety that colors our operation. This starts with our professional and personal guides. Included in your package is an avalanche airbag backpack, avalanche transceiver, shovel, probe and harness, along with a thorough training and safety briefing.

We fly the A-Star350 helicopter, a high powered machine that is perfect for mountain flying. The A-Star helicopter will maximize your skiing time and safety, as well as a small group experience with one guide and up to four guests. Your trip will be personal and unforgettable.
